

Level 1 Certification Evaluation

Below are the rubrics used to assess the three on-court evaluations. These should be reviewed prior to completing the evaluations so candidates know exactly what is expected of them.

In order to pass each evaluation, the candidate must meet the standard in all categories. **If a candidate does not meet all standards on a particular evaluation, they will not pass that evaluation.** In this case, candidates may choose to resubmit that evaluation demonstrating that they meet the standards.

\$25 Resubmission fees apply for each test resubmitted.
